Founder of Knots Custom

Keith is a creature of reinvention many times over. Starting his career early on in window design & display for Ralph Lauren, Tiffany & Co. Gucci, Gian Franco Ferré, Fendi, Versace, Calvin Klein and many others.

Keith pivoted to interior design in the late 90's enjoying success with residential and commercial projects around the globe. Just before the pandemic hit Keith was finding himself restless and in search of something new. He had always had a long standing love and passion for textiles throughout his career.

Keith had also designed many rugs for his clients and soon realized that rug design and manufacturing was where he truly wanted to be. And so was born KNOTS Custom🐑. A boutique full service rug design & manufacturer for handmade rugs tailored to interior designers. "I always wanted to make my own rugs" said Keith in a recent interview. So I put my focus on that thought and the universe delivered! Since the inception of KNOTS Custom Rugs🐑 Keith has produced stunning products for residential projects from the UK to Los Angeles, California. He's done several boutique hotels in Miami and is currently producing the area rugs for the Mandarin Oriental Residences & Hotel in Boca Raton Florida. Keith passion to create beauty will continue as long as he has breath in his body. "I found what I truly love to do, and I'm going to continue creating beautiful rugs for the best designers worldwide". As the slogan says, KNOTS Custom....A new way to Rug🐑
